

This is a demonstration of cover artwork, using the instructions in "novel-scripts." These are part of "novel" LuaLaTeX document class, v.1.50.

Original PNG artwork created in GIMP.

Then, the image was converted to CMYK 240% ink limit, in a PDF file, using "makecmyk" script.

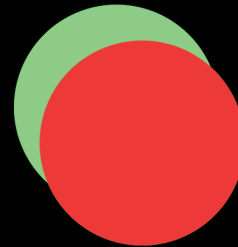

Finally, the above PDF was converted to PDF/X-1a:2001 using LuaLaTeX with the "novel" document class and cover template.
